## MHS350 - HANDHELD MARINE TWO-WAY VHF RADIO

Compact, rugged and submersible, the MHS350 features a huge LCD display housed in a die-cast aluminum case, making it a must for even the most demanding users. Equipped with enough battery life to carry you through a long weekend the MHS350 comes with two rechargeable NiMH batteries that deliver 12-14 hours of worry free operation. And because your portable always gets wet the MHS350 is built to survive full submersion. It's easy to see why we say the MHS350 is easy to see and hard to beat.

- All USA, International and Canadian marine channels
- NOAA Emergency/Weather Alert with S.A.M.E. for localized weather, not forecasts from hundreds of miles away
- Full 5 watts setting for maximum range when you need it and 1 watt lower power, maximizing battery life, when you don't
- JIS7 submersible rated and designed to get wet so you can splash it, spray it or dunk it
- Two 1100 mAh batteries are included for up to 28 hours of worry free operation
- Triple Watch/Programmable Scan means you never miss a call
- Largest backlit LCD in its class for easy reading, day or night
- Unique rubber grip design for a quality feel that won't slip out of a wet or gloved hand
